

Disaster Preparedness Webinar:

Resilience, Readiness, and Resources for Patients and Caregivers

with a special welcome message from Assemblymember Monique Limón

September 26, 2019

11:00 a.m. - Noon

Link Provided Upon RSVP

The California Partnership for Access to Treatment invites you to join a webinar with **Sarah Baker of Healthcare Ready** and **Vance Taylor from the California Office of Emergency Services**. It will be an informative presentation on why health preparedness matters, how community-based organizations can help, as well as provide resources and best practices for medically fragile populations for both patients and providers.

Please RSVP via link provided or
Email Brandon@Cerrell.com or Kelley@Perrycom.com

To Our Partners,

You are cordially invited to join the California Partnership for Access to Treatment (CPAT) for a September 26 webinar on disaster preparedness for patients and caregivers. As California has been rocked by earthquakes and fires, this timely webinar will bring the state's health care stakeholders together to learn about the importance of patient preparedness, resilience, and best practices in disaster preparedness for medically fragile populations. Sarah Baker from Healthcare Ready and Vance Taylor from the California Office of Emergency Services will present after a welcome from Assemblywoman Monique Limon. In partnership with Healthcare Ready and PhRMA, the webinar will include resources for organizations to provide to patients so they can prepare themselves for a potential disaster.

See the invitation below and RSVP [HERE](#), please feel free share with your networks. The link to the webinar will be provided upon RSVP, and send any questions or RSVP to kelley@perrycom.com or brandon@cerrell.com.
