

The Partnership's Pulse: Novel Coronavirus Update

Update on the Biopharmaceutical Industry's Response to the Novel Coronavirus

Tuesday, March 10th, 2020
12:00 to 1:30 PM

Webinar - Link Provided Upon RSVP

America's biopharmaceutical companies are committed to developing new vaccines and treatments to help diagnose and treat those with COVID-19, a novel strain of coronavirus.

In addition to applying their [scientific expertise](#) to find ways to treat and prevent infections from the virus, the [biopharmaceutical](#) industry is providing a range of support including existing medicines and in-kind donations to meet the needs of patients and first responders.

Please join us for a briefing to learn more about the industry's efforts underway.

This is an invitation-only event, and invitations are non-transferrable.

Lunch will be provided to in-person attendees.

Please click here to [RSVP](#) to the event and receive webinar details.

Denied Coverage?

The California Chronic Care Coalition launched this online resource for Californians who have been denied coverage, experienced delays, or are dissatisfied by the decisions made by their health plan.

Patient Assistance

PhRMA's Medicine Assistance Tool (MAT) is a search engine designed to help patients, caregivers and health care providers learn more about the resources available through the various biopharmaceutical industry programs.

About CPAT News

The California Partnership for Access to Treatment (CPAT) is pleased to provide our latest issue of *The Partnership Pulse*, a bi-monthly e-news publication for our partners, members and supporters.

This newsletter highlights state and national health care issues and trends.

CPAT's diverse network of advocacy organizations, community groups, health care providers and employers is committed to ensuring a healthy and productive California.

Please visit [our website](#) for more information about CPAT's free health education network.

Stay Connected
